

*"TAPE's work regularly
surpasses the commonly
accepted technical and
professional standard."*

-Government COR

Technical and Project Engineering, LLC (TAPE) is a trusted provider of management, IT, and training solutions to the Federal Government. Our experts help clients solve complex challenges by integrating internal expertise with existing processes. We provide program support and systems engineering and technical assistance (SETA) services that help track acquisition support and logistics for training facilities and devices. We develop software that builds readiness by modeling financial requirements for individual and unit training in support of the Planning, Programming, Budgeting, and Execution Process. We provide advisory and assistance (A&AS) and knowledge-based services to support a wide range of training, modeling and simulation, visual, and virtual systems. Whether the challenge is keeping our nation safe or making the military or government more efficient and cost effective, **TAPE will provide measurable results.**
