TAPE | MEASURE US BY YOUR RESULTS®

Technical and Project Engineering, LLC (TAPE) is a trusted provider of solutions for training, IT, and management. Our experts help clients solve complex challenges by integrating internal expertise with existing processes. We develop software that builds readiness by modeling financial requirements for individual as well as unit training. We support a wide range of training, modeling and simulation, visual, and virtual systems. We also help develop services that track acquisition support and logistics for training facilities and devices. Whether the challenge is keeping our nation safe or making the military or government more efficient and cost effective, **TAPE will provide measurable results.**

" TAPE's work regularly surpasses the commonly accepted technical and professional standard. "

TAPEAbilities®: TRAINING & READINESS SOLUTIONS

INSTRUCTIONAL SUPPORT

Performance Based Instruction

SME Instructional Support

Systems integration, installation, and testing

New Equipment Training Requirements

Learning Verification Testing

Instructional Systems Design

Curriculum Development

POI Development & Validation

Training Assessments and Evaluations

Readiness Assessments

LOGISTICS SUPPORT

Inventory and Order Management

Performance Based Logistics

System & Equipment / Fielding and Deployment Support

Life Cycle Maintenance

Warehouse Management and Support

Supply Chain Management

LVC / STE SUPPORT

Live - Virtual – Constructive (LVC) Support

Synthetic Training Environment (STE) Support

Modeling and Simulation Training Requirements

Operational Systems Training

Exercise & Scenario Planning

Image Generator (IG) Expertise

Synthetic Environment (SE) Development

Visual Systems Integration

Training & Platform Management

TRAINING SOLUTIONS

Why TAPE?

- Develops, operates, & maintains nine Army training models, since '07
- Supports entire portfolio of Marine Corps Training Aids, Devices, Simulators, and Simulation Systems
- Provided seven years of SETA support for Army PEO for Simulation, Training and Instrumentation
- Researches latest instructional design and cognitive science to improve learning outcomes and assessments
- Advocates data analytics, gamification, and other modern learning engineering-based innovation
- Satellite office in heart of DoD modeling and simulation community for training in Orlando
- Successfully manages large contracts
- Strategic teaming to cover niche capabilities

TAPE is certified with the following ISO standards:

ISO 9001:2015
Quality management systems

ISO/IEC 27001:2013
Information technology — Security techniques

ISO/IEC 20000-1:2018
Information technology — Service management
