

Knowledge Based Services (KBS)

- Project Management
- Planning, Programming, Budgeting & Execution (PPBE)
- Logistics Support

Technology Services

- Cybersecurity Operations
- Enterprise Application Maintenance & Modernization
- Independent Verification & Validation (IV&V)

Readiness Solutions

- Resource Optimization (Training Aspect)
- PPBE Training Aspect
- Enterprise Application Maintenance & Modernization

Program & Project Management (PMO)

End-to-end program and project management using PMI best practices, delivering disciplined control of scope, schedule, cost, and risk for complex, mission-critical initiatives.

Strategic Planning & Integrated Operations

Integrated planning and execution for enterprise IT, network modernization, MILCON, and contingency operations—aligning mission objectives with executable, synchronized plans.

Compliance, Quality & Process Assurance

Rigorous enforcement of federal laws, security policies, and quality standards through audits, configuration reviews, and process controls to ensure audit readiness and operational integrity.

Cybersecurity & Risk Management

Comprehensive cybersecurity risk and vulnerability assessments aligned with NIST and FISMA, safeguarding networks, applications, and data from evolving threats.

ISSO, RMF & FISMA Support

Expert ISSO support, RMF documentation, and cybersecurity analysis to maintain continuous FISMA compliance and Authority to Operate (ATO) readiness.

Software Development & Systems Integration

Design, development, and sustainment of secure, interoperable software solutions that meet ATO requirements and enable data-driven decision-making.

Resource Modeling, Analytics & PPBE Support

Advanced modeling and analytics supporting PPBE decision-making—optimizing funding for training, readiness, and operational sustainment.

Audit, Surveillance & Performance Monitoring

Performance audits, surveillance, and quality assurance services to identify risks early, ensure compliance, and sustain mission outcomes.

Deliverables & Executive Reporting

Disciplined management of plans, reports, and financial tracking with strict schedule adherence—providing transparency and decision-ready insights.

DIFFERENTIATORS

- SDVOSB | Woman-Owned Small Business
- 30+ years of federal mission support experience
- Deep expertise supporting DoD, Army, and Intelligence Community missions
- PMI-aligned project management and NIST-compliant cybersecurity practices
- Proven success in PPBE, training readiness, and enterprise IT environments
- Low-risk execution with a focus on quality, timeliness, and compliance
